MEMORANDUM FOR: Assistant Deputy Director (Admin) Inspection & Security

SUBJECT: Priority Processing for Finance Personnel

1. Despite the fact that production in the Finance Division has steadily improved and every effort is being made to continue this trend, the fact remains that the work in this Division continues to be dangerously backlogged.

2. Inasmuch as this situation seriously affects the entire Agency, it is necessary to remedy it as expeditiously as possible. I am satisfied that this can be done only by expediting the entrance on duty of personnel now in process. The Comptroller advises me that there are 60 individuals destined for the Finance Division who are in various stages of processing for security clearances. I have asked the Comptroller to ensure that you are supplied with the names of these personnel through the Assistant Director for Personnel and it is my desire that you assign the very highest priority to their processing so that they may be entered on duty with the least practicable delay.
